DETAILED ACTION

Response to Amendment

This Office Action is in response to applicant's amendment filed on October 31, 2006. All previous prior art rejections are withdrawn in view of applicant's amendment to place subject matter previously indicated as allowable in all of the independent claims.

Allowable Subject Matter

Claims 1, 2, 5-13, 35-55, and 86-87 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 11, 35, 42, 45, and 53, the prior art does not disclose or suggest a plurality of independently controllable cooling devices for cooling an ablative element as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
